Experiment 8

Student Counselling System Using Zoho Creator

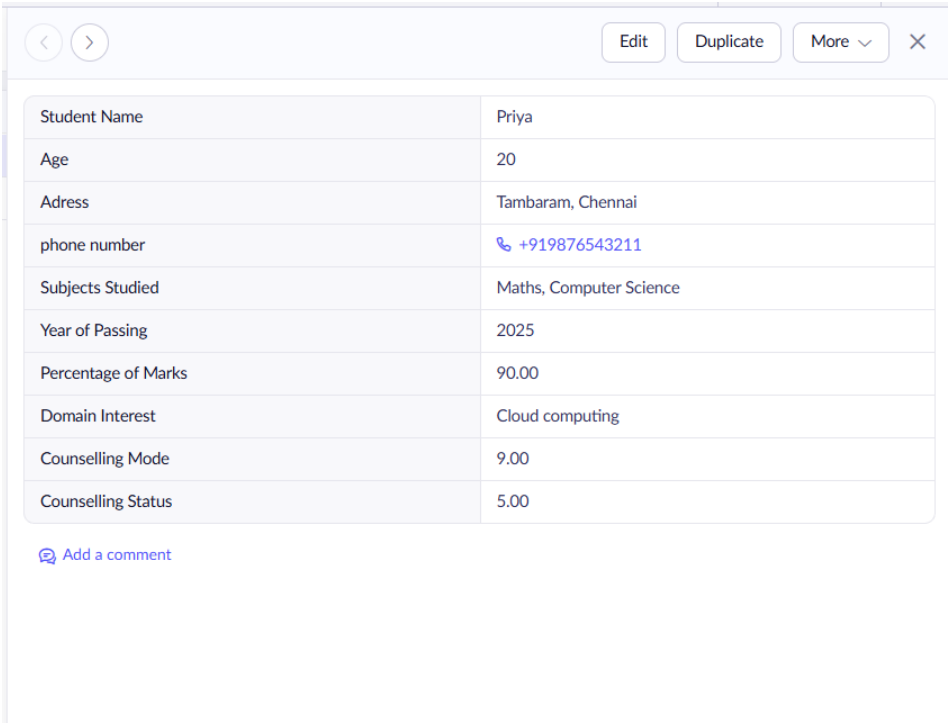

Aim:

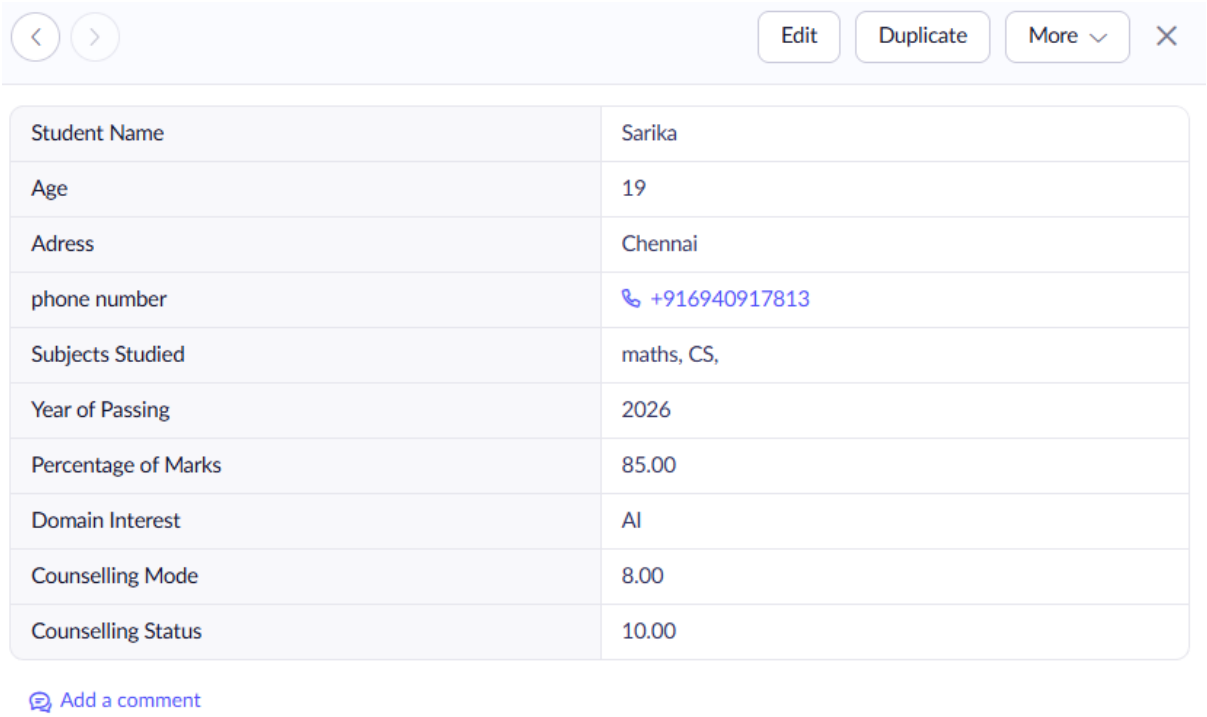

To create a simple cloud-based Student Counselling System using Zoho Creator to demonstrate Software as a Service (SaaS).

Procedure:

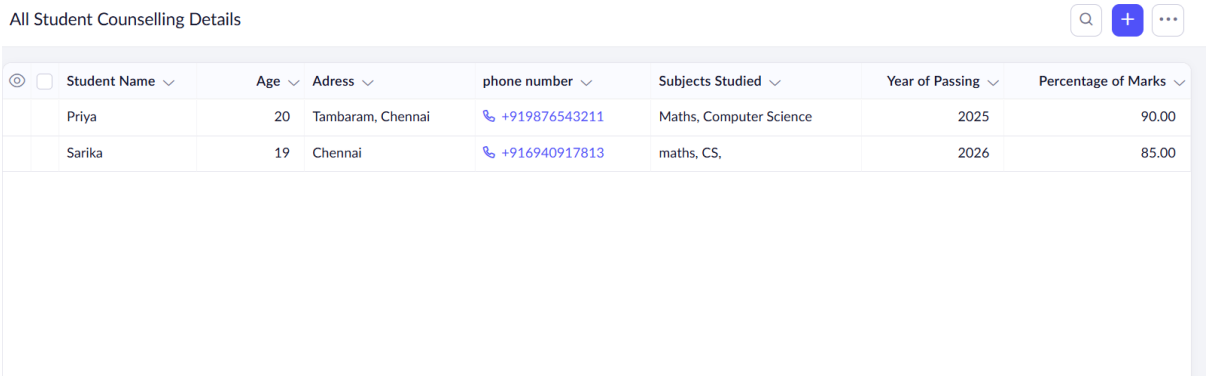

1. Open Zoho Creator and create an application named Student Counselling System.
2. Create a form named Student Counselling Details.
3. Add fields for student name, age, address, phone number, subjects studied, year of passing, percentage of marks and domain interest.
4. Configure the dropdown choices for domain interest, counselling mode and counselling status.
5. Save the form and enter sample student details.
6. Submit the form and verify the saved records in the report.

Input:

Output:

Result:

Thus, a simple cloud-based Student Counselling System was created successfully using Zoho Creator. The application stores student academic details and counselling preferences in the cloud.
